## Call for Papers

# 2<sup>nd</sup> Workshop on Sports, Economics, and Natural Experiments

Friday, June 27, 2025; 10am-6pm  
University of Zurich, Switzerland

**Topics of Interest:** Sports markets, games and their contexts can provide ideal natural experiments for testing economic theories. We seek studies that analyze new natural experiments from sports, studies which compare the findings from natural experiments across multiple sports, types of contestants, country, culture, etc., as well as (quasi) replication studies of any kind.

**Submission Deadline:** Researchers interested in presenting at the workshop are invited to submit an extended abstract (1 page) of their papers by email to [sene@business.uzh.ch](mailto:sene@business.uzh.ch) before midnight on **March 31st, 2025**. We particularly welcome submissions from PhD students and early-career researchers. Authors will be informed of their acceptance within two weeks of the deadline.

**Scientific Committee:** Raphael Flepp (University of Zurich) and Carl Singleton (University of Stirling)

**Workshop Organization and Dinner:** This workshop is associated with the Center for Research in Sports Administration (CRSA) at the University of Zurich. The CRSA is a scientific network aimed at supporting and coordinating top-level academic research in sports management, sports economics, sports administration, and related areas. To conclude the day, a dinner will be held following the workshop.
